DESIGN COLLECTION

VOLUME I

The Architecture of Living

A Arquitetura do Habitar

LUANDA · ANGOLA · MMXXVI

EDITORIAL

Made to Measure

NASER Design Collection is not a catalogue of furniture. It is a record of architecture at the scale of the object. Each piece begins where a building ends — at the threshold, the table, the door, the shelf — and is drawn, engineered and made by hand to the measure of a single place. We work in steel, stone and solid timber, in the language of permanence. Nothing here is mass-produced; everything is made to measure. This first volume gathers eleven collections and the pieces already realised and delivered — the beginning of a longer body of work.

A NASER Design Collection não é um catálogo de mobiliário. É um registo de arquitetura à escala do objeto. Cada peça começa onde um edifício termina — no limiar, na mesa, na porta, na estante — e é desenhada, projetada e feita à mão à medida de um único lugar. Trabalhamos em aço, pedra e madeira maciça, na linguagem da permanência. Nada aqui é produzido em série; tudo é feito à medida. Este primeiro volume reúne onze coleções e as peças já realizadas e entregues — o início de um corpo de trabalho mais longo.

GUIDE

How to Use This Collection

Twelve collections

Each collection opens with a numbered divider (01–12), from Entrance to Wall Art.
Cada coleção abre com uma divisória numerada (01–12), da Entrance à Wall Art.

Reference codes

Every piece carries a code — NDC-XX-000 — identifying its collection and sequence.
Cada peça traz um código — NDC-XX-000 — que identifica a coleção e a sequência.

Made to measure

Every piece is conceived and produced by NASER, to the measure of a single place.
Cada peça é concebida e produzida pela NASER, à medida de um único lugar.

Crafted & delivered

The seal CRAFTED & DELIVERED BY NASER marks the pieces already produced and delivered.
O selo CRAFTED & DELIVERED BY NASER assinala as peças já produzidas e entregues.

Made to order

MADE TO ORDER · BY NASER marks concepts offered with a bespoke service.
MADE TO ORDER · BY NASER assinala conceitos com serviço de personalização.

Two languages

Every page is written in English and Portuguese.
Cada página é escrita em inglês e português.

ENTRANCE COLLECTION

The first impression — where arrival becomes architecture.

A primeira impressão — onde a chegada se faz arquitetura.

Consoles

NDC-EN-001

CREDO

The Words You Choose.

Console · Consola de Entrada

CREDO is words cut in steel. A monolithic folded-steel console, its surface inscribed with a laser-cut text of your choosing — so that light passes through the words and casts them onto the room. The ultimate expression of the NASER cut.

A CREDO são palavras cortadas em aço. Uma consola monolítica em aço dobrado, inscrita por um texto em recorte a laser à sua escolha — para que a luz atravesse as palavras e as projete na sala. A expressão máxima do recorte NASER.

MATERIALS

Monolithic folded steel · Laser-cut inscription

FINISHES

Matte black steel · (any text, any language)

DIMENSIONS

L 1600 × D 350 × H 850 mm (Custom dimensions available)

APPLICATIONS

Entrances · Halls · Chapels · Memorial Spaces · Signature Hospitality

MADE TO ORDER · BY NASER

Laser-cut inscription — any text, any language, chosen by you. Inscrição em recorte a laser — qualquer texto, qualquer língua, à sua escolha.

NDC-EN-002

SILVA

Order in the Wildwood.

Console · Consola de Entrada

SILVA is order drawn from the wildwood. A clean plane of solid oak rests on a dense scatter of fine black-steel rods — apparent chaos, precisely composed. The first gesture of the hall: calm above, alive beneath. No two are ever alike.

A SILVA é a ordem extraída da floresta. Um plano depurado em carvalho maciço assenta sobre uma teia densa de finas varas de aço preto — um acaso aparente, composto com precisão. O primeiro gesto do vestíbulo: sereno em cima, vivo por baixo. Não há duas iguais.

MATERIALS

Solid oak top · Hand-composed black-steel rod base · Steel base frame

FINISHES

Natural oak · Matte black steel (option: smoked oak)

DIMENSIONS

L 1400 × D 380 × H 880 mm

APPLICATIONS

Entrance Halls · Hallways · Private Residences · Behind-sofa console

NDC-EN-003

VERTEX

Where the lines converge.

Console · Consola de Entrada

VERTEX carries its weight to a single point. A solid walnut top floats from the wall onto one triangular blade of black steel, down to an apex on the floor. Three diagonal channels echo the geometry. Presence without bulk — the hall, drawn to a point.

O VÉRTICE conduz o seu peso a um único ponto. Um tampo em nogueira maciça flutua da parede sobre uma lâmina triangular de aço preto, até um ápice no chão. Três canais diagonais ecoam a geometria. Presença sem volume — o vestíbulo, reduzido a um ponto.

MATERIALS

Solid walnut top · Wall-mounted cantilever · Triangular black-steel blade

FINISHES

Natural walnut · Matte black steel (option: smoked walnut)

DIMENSIONS

L 1300 × D 360 × H 850 mm

APPLICATIONS

Entrance Halls · Hallways · Private Residences · Boutique Hotels

NDC-EN-004

LIGNUM

Raw timber, precisely held.

Console · Consola de Entrada

LIGNUM keeps the beam whole. A single length of reclaimed oak — live edges, open checks, the marks of its years — is held to the wall by one forged steel strut, rising from a black channel on the floor. Raw mass, precisely restrained. The hall, grounded in time.

O LIGNUM mantém a viga inteira. Um só troço de carvalho recuperado — arestas vivas, fendas abertas, as marcas dos anos — é seguro à parede por uma escora forjada em aço, vinda de uma caleira preta no chão. Massa bruta, contida com precisão. O vestíbulo, ancorado no tempo.

MATERIALS

Reclaimed solid-oak beam · Forged black-steel strut · Steel channel base

FINISHES

Natural waxed oak · Matte black steel (option: charred oak)

DIMENSIONS

L 1500 × D 340 × H 900 mm

APPLICATIONS

Entrance Halls · Lofts · Private Residences · Gallery Spaces

02

OFFICE COLLECTION

Where work becomes architecture, and authority is expressed in calm.

Onde o trabalho se torna arquitetura e a autoridade se exprime em serenidade.

Executive Desks · Meeting · Storage

NDC-OF-001

MERIDIAN

The Seat of Decision.

Executive Desk ·
Secretária Executiva

MERIDIAN is the seat of decision. A solid timber top rests on a sculptural body of perforated steel, cut by a single diagonal line — presence and precision made for those who lead, where authority meets craft.

A MERIDIAN é o lugar da decisão. Um tampo em madeira maciça assenta sobre um corpo escultórico em aço perfurado, cortado por uma única diagonal — presença e precisão para quem lidera, onde a autoridade encontra o ofício.

MATERIALS

Solid timber top · Perforated steel body · Matte black steel

FINISHES

Natural oak · Matte black perforated steel

DIMENSIONS

L 2200 × D 1000 × H 750 mm
(Custom dimensions available)

APPLICATIONS

Executive Offices · Corporate HQ · Directors' Suites · Prestige Home Office

CRAFTED & DELIVERED BY NASER

MOSAIC

A Coordinated Composition.

Desk & Bench System · Sistema Coordenado

MOSAIC is a coordinated composition. An executive desk and its companion bench share one language — live-edge solid timber tops on laser-cut geometric steel — a matching system designed to belong together, where pattern becomes structure.

A MOSAIC é uma composição coordenada. Uma secretária executiva e o seu banco partilham a mesma linguagem — tampos em madeira maciça de bordo natural sobre aço de recorte geométrico — um sistema a condizer, onde o padrão se torna estrutura.

MATERIALS

Live-edge solid timber · Laser-cut geometric steel panels

FINISHES

Natural timber · Matte black steel

DIMENSIONS

Desk L 2200 × D 1000 × H 750 mm Bench L 1400 × D 500 × H 450 mm

OUTDOOR COLLECTION

Living unfolds outdoors, where comfort meets the horizon.

A vida acontece lá fora, onde o conforto encontra o horizonte.

Lounge · Dining · Daybeds

NDC-OD-001

TERRACE

The Outdoor Living Room.

Modular Outdoor Sofa ·
Sofá Modular de Exterior

TERRACE turns the outdoors into a living room. A modular system on a solid timber deck-base, dressed in weatherproof upholstery — endlessly configurable around the pool, the view, or the evening sun.

A TERRACE transforma o exterior numa sala de estar. Um sistema modular sobre base em deck de madeira maciça, vestido de estofo resistente ao tempo — infinitamente configurável em torno da piscina, da vista ou do sol do fim de tarde.

MATERIALS

Solid outdoor timber (teak) · Steel frame · High-performance outdoor upholstery

FINISHES

Natural teak · Charcoal outdoor fabric

DIMENSIONS

Modular · U-configuration approx. 3600 × 3000 mm (Made to measure)

APPLICATIONS

Terraces · Poolside · Gardens · Hospitality · Seafront

RELATED

EQUILÍBRIO

Two Energies, One Path.

Original Painting ·
Pintura Acrílica sobre Tela

Two energies, one path. The balance between what we feel and what we show.

Duas energias, um só caminho. O equilíbrio entre o que sentimos e o que mostramos.

CRAFTED BY NASER

Every NASER piece is drawn, engineered and made by hand, and delivered to the place it was made for. Throughout this volume, the seal CRAFTED & DELIVERED BY NASER marks the pieces already realised. The rest are concepts — waiting for a place to become real.

Cada peça NASER é desenhada, projetada e feita à mão, e entregue ao lugar para que foi criada. Ao longo deste volume, o selo CRAFTED & DELIVERED BY NASER assinala as peças já realizadas. As restantes são conceitos — à espera de um lugar para se tornarem reais.

BESPOKE

Made to Order

Every NASER piece is made to measure. A dimension, a material, a finish, an inscription — each is adjusted to a single place and a single client. What appears in this volume as a concept becomes, on request, an object made only once.

Cada peça NASER é feita à medida. Uma dimensão, um material, um acabamento, uma inscrição — cada um ajustado a um único lugar e a um único cliente. O que neste volume surge como conceito torna-se, a pedido, um objeto feito uma só vez.

ABOUT

NASER Design Collection

NASER Design Collection works at the meeting point of architecture and the object, from Luanda, Angola. We design and produce furniture, doors, shelving and architectural elements in steel, stone and solid timber — for private residences, hospitality and signature spaces. Everything is made to measure; nothing is mass-produced.

A NASER Design Collection trabalha no encontro entre a arquitetura e o objeto, a partir de Luanda, Angola. Desenhamos e produzimos mobiliário, portas, estantes e elementos arquitetónicos em aço, pedra e madeira maciça — para residências privadas, hospitalidade e espaços de assinatura. Tudo é feito à medida; nada em série.
